ASYNC CB & CALL STACK

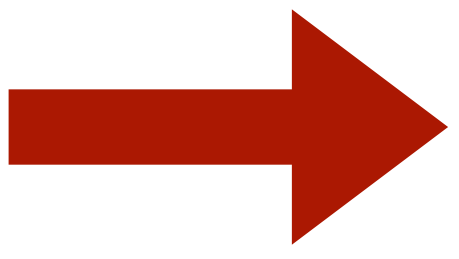
JS

main()

```
console.log("Hello");

setTimeout(function() {
    console.log("Async callback");
}, 5000);

console.log("There");
```

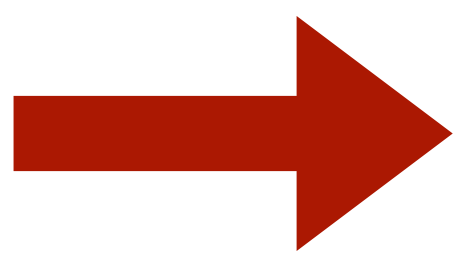


```
console.log(Hello)
```

console.log(There)

console.log(Async callback)

How this callback appears on call stack?



setTimeout(cb)

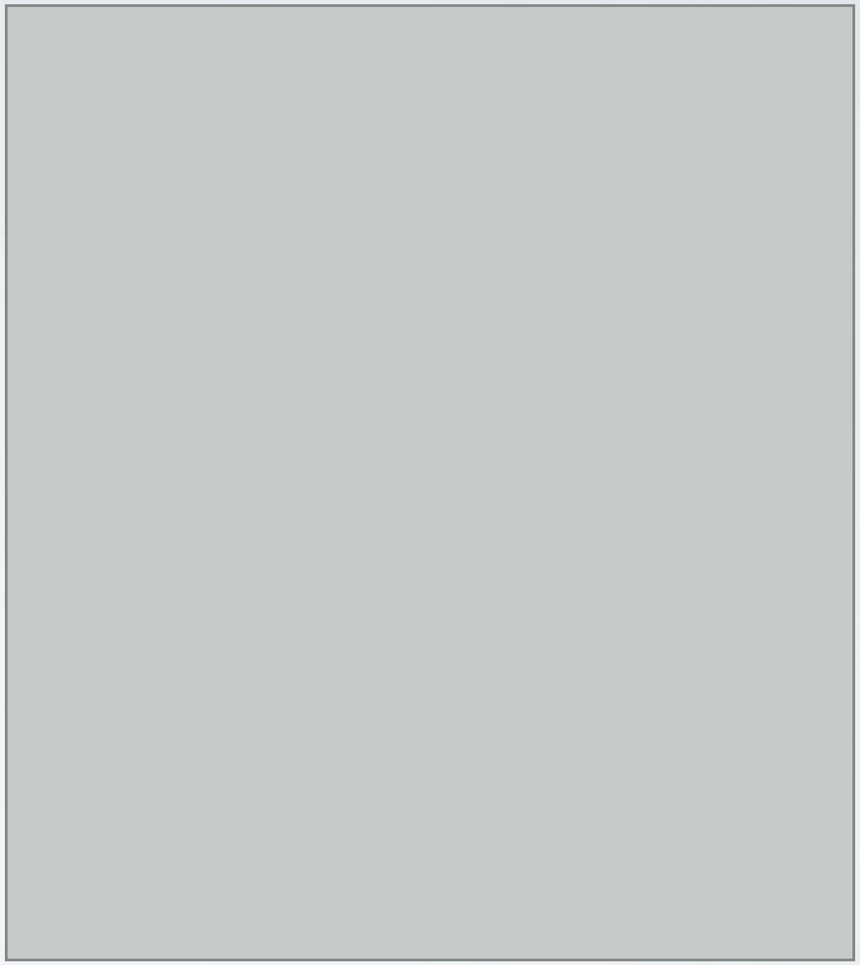
ASYNC CB & CALL STACK

```
console.log("Hello");

setTimeout(function() {
   console.log("Async callback");
}, 5000);

console.log("There");
```

How this callback appears on call stack?



HERE COMES THE
